

ACCEPTANCE CONDITIONS

PER 1-1-2020

Given the stricter quality requirements set by our customers, the importance of safety for you and our employees, and our commitment to the environment, we have adopted the following acceptance conditions.

Deliveries of ferrous and non-ferrous scrap must not contain any other elements such as soil, sand, liquids, PVC, plastic, glass, wood, bitumen, rubber or concrete. If any such materials are found in a delivery, we will apply a deduction and a waste surcharge. Deliveries with extreme levels of contamination (>5%) will be rejected.

We will not accept the following hazardous substances and/or materials:

- Materials containing or suspected of containing asbestos
- Radioactive material (will be handled as per the Dutch “Besluit/regeling detectie radioactief besmet schroot” (Decree/regulation on the detection of radioactively contaminated scrap))
- Ammunition and explosives
- Oil-based materials
- Materials containing hazardous and/or toxic substances
- Materials containing food remnants and/or producing a foul odour
- Paint canisters
- Safes
- Closed objects
- Material governed by the WEEELABEX/WEEA scheme (such as consumer electronics and home appliances)

The following materials will be accepted only after previous consultation:

- Batteries, provided they are deposited separately in designated battery containers.
- Condensers and heat exchangers, provided they are empty and come with a certificate confirming that they have been cleaned.
- Transformers, provided all substances with an environmental impact have been removed and they come with a certificate confirming that they have been cleaned or are free of PCBs.
- Oil tanks, provided they are delivered with a certificate confirming that they have been cleaned and have an open manhole (to enable inspection).
- Chromium-6-contaminated scrap metal, provided that it is delivered as per the appropriate procedure. For a copy of this procedure, please email acceptatie@jansengroup.com.

MATERIAL	SPECIFICATION	CHARGE
Dirt in deliveries	-	€ 200,- per tonne
Tyres	Cartyres	€ 15,- per tyre
	Lorry, forklift or tractor tyres	€ 60,- per tyre
Closed objects	Oxygen tanks, gas canisters, LPG tanks, gas tanks and pressurised containers/tanks/cylinders	€ 125,- each

In the event that it turns out after receipt of a delivery that the delivered materials do not meet these acceptance conditions, the supplier may be held liable for all ensuing costs.

Any questions?

We are counting on your cooperation. If you have any questions about these acceptance conditions, please contact us, preferably by emailing acceptatie@jansengroup.com. If possible, please attach a photo of the material you are enquiring about.

Yours faithfully,

Management of Jansen Recycling Group BV

Working on a world as it is meant to be
